**In stock now—
the new CHAMP+**

- Supports 500 Birds
- Up to 32 Antennas
- PC Communication by USB

Be sure you're buying only GENUINE UNIKON Bands.
Look for either UC2 or UC3 code imprinted on the band.

Only genuine UNIKON bands are guaranteed to work on your UNIKON system. This protects YOU from the threat of manipulation and duplication of band numbers. See our bulletin for additional information on this subject.

**deister
electronic** 

Be sure you're buying only GENUINE UNIKON Bands.

Look for either UC2 or UC3 code imprinted on the band.

DID YOU KNOW:

- UNIKON is responsible for the quality of the bands they produce and control their production so that duplicate bands are not introduced into the market place.
- UNIKON can only guarantee the performance and integrity of their systems when UNIKON bands are being used.
- UNIKON guarantees the continual compatibility between their clocks and UNIKON bands but NOT between UNIKON clocks and NON APPROVED technically CLONED (copied) bands.
- When a band is presented as being UNIKON "compatible" it does not mean it is a UNIKON band! It clearly means you are NOT buying a GENUINE UNIKON band.
